

Geochemistry

EXPLORATION, ENVIRONMENT,
ANALYSIS

Editor: **K. Kyser**, Queen's University, Ottawa, Canada (e-mail: kyserk@queensu.ca)

Associate Editors: **M. Leybourne** (GNS Science, New Zealand), **J. Carranza** (James Cook University, Australia)

Production Editor: **Jessica Pollitt**, Geological Society Publishing House, Bath, UK (e-mail: jessica.pollitt@geolsoc.org.uk)

The journal is abstracted and/or indexed in *AGI's Bibliography and Index of Geology*, *Chemical Abstracts*, *Current Contents*, *Engineering Index*, *GEOBASE*, *GeoRef*, *Mineralogical Abstracts*, *PASCAL/CNRS*, *GeoArchive*, *Thomson ISI database (SCIE, CC/PC & ES)*

CONTENTS - Volume 16, No. 1

Eion Matheson Cameron 1933–2014

G. E. M. Hall with K. Hattori 1

A continental-scale geochemical atlas for resource exploration and environmental management: the National Geochemical Survey of Australia

P. de Caritat & M. Cooper 3

Importance of 3-D regolith-landform control in areas of transported cover: implications for geochemical exploration

R. R. Anand 14

Till geochemical signatures of volcanogenic massive sulphide deposits: an overview of Canadian examples

M. B. McClenaghan & J. M. Peter 27

Low density geochemical mapping and mineral exploration: application of the mineral system concept

C. Reimann, A. Ladenberger, M. Birke & P. de Caritat 48

Application of portable XRF to the direct analysis of till samples from various deposit types in Canada

G. E. M. Hall, M. B. McClenaghan & L. Pagé 62

Geochemical processes in the formation of 'forest rings': examples of reduced chimney formation in the absence of mineral deposits

K. Brauneder, S. M. Hamilton & K. Hattori 85

Regional scale hydrogeochemical mapping of the northern Yilgarn Craton, Western Australia: a new technology for exploration in arid Australia

D. J. Gray, R. R. P. Noble, N. Reid, G. J. Sutton & M. C. Pirlo 100

Geochemistry: Exploration, Environment, Analysis (ISSN 1467-7873) is published in February, May, August and November by the Geological Society Publishing House the Geological Society, London and the Association of Applied Geochemists.

Subscription rates 2016 (volume 16, 4 parts): All correspondence relating to trade subscriptions should be addressed to the Journal Subscriptions Department, Geological Society Publishing House, Unit 7, Brassmill Enterprise Centre, Brassmill Lane, Bath, UK, BA1 3JN (Tel: +44 (0) 1225 445046; Fax: +44 (0) 1225 442836; e-mail: sales@geolsoc.org.uk). The subscription prices for 2016 to institutions and non-fellows are GEEA Online: £260.40 +VAT (UK), £300 +VAT (overseas) or GEEA Online+print: £315 +VAT (UK), £360 +VAT (overseas). The current tax rates (for UK and European Union subscribers) and more information can be found on <http://www.geolsoc.org.uk/LyellCollection>.

Periodical postage paid at Middlesex, N.J. *Postmaster:* send address changes to *Geochemistry: Exploration, Environment, Analysis*. The Geological Society, c/o Pronto Mailers, PO Box 177, Middlesex, NJ 08846.
